# Gone With The Breeze

An ode to Robert McCrea & The Order

*I, as an Aryan warrior, never myself to secrecy to the Order and total loyalty to my comrades.*

*Let me hear witness to you, my brothers, that should one of you fall in battle, I still see to the welfare and well-being of your family. Let me hear witness to you, my brothers, that should one of you be taken prisoner, I will do whatever is necessary to regain your freedom.*

*Let me hear witness to you, my brothers, that should an enemy agent hurt you, I will chase him to the ends of the earth and remove his head from his body.*

*And furthermore, let me hear witness to you, my brothers, that if I break this oath, let me be forever cursed upon the lips of our people as a coward and an oath breaker.*

*My brothers, let us go forth by ones and twos, by scores and by legions, and as true Aryan men with pure hearts and strong minds face the enemies of our faith and our race with courage and determination. We hereby invoke the blood covenant and declare that we are in a full state of war.*

– The oath taken by members of the Order

## History

The Order, otherwise known as the Silent Brotherhood, was founded by Robert Jay Matthews in late 1983 at his own farm. Matthews had moved to Washington shortly before, wanting to escape the racial jungle that was quickly becoming. It didn't take long for him to come into contact with the Aryan Nations & Richard Butler'Spending his youth as part of the tax evasion movement & getting shot at by an IRS agent over a misdemeanor offense. he was firmly a radical individual. His ours towards White pride occurred naturally as he researched European history, including reading Spengler's Decline of the West. but his militancy started when his son was born. He was a member of Dr. William Luther Pierce's National Alliance from 1979 until burning in 1983, most likely to avoid causing problems for his son's future. It was around this time that the first concepts of what would become the Northwest Territorial Imperative would begin to form, though much of the talk in the early days wasn't revolutionary. Instead, it was seen as the peaceful option, simply letting Whites have their own homeland & not participating in the affairs of mass demographic change. This sentiment wouldn't last, as certain realities about the nature of the System became clear.

From Matthews' previous experience in WLP's National Alliance, plus the name of his group, it should be of no surprise that it was directly inspired by The Order in Pierce's book The Turner Diaries. The Order in the book has a somewhat unclear role, but their main role seems to be ideological purity so that the wider Organization doesn't lose its way. The Order in reality would have a special place in the overall movement, most of the funding was sent to groups like National Alliance & Aryan Nations to support their efforts. It's unclear if the KKK was a goal of the Order, but there is their above ground efforts since the formation of the 'FYOK' The Order would also act as the inspiration for Covington's The Brigade.

The Order wasn't especially violent at first, originally not wanting to use robbery as a method of funding due to its sinful nature (most members were Christian Identity), and instead tried legitimate work & counterfeiting. Neither would work, and the eventual plan became robbery of ideologically hostile targets. These would include robbing things like pornographic video stores & banks. It's unclear exactly how many of these activities occurred, but The Order is officially responsible for stealing about 4 million dollars during the year they were active. In Seattle, they executed a very impressive diversionary move by setting off a time bomb in a movie theater (no injuries) in order to distract police from an armored car heist.

A less ranking member of The Order was Tom Martinez (KOS), who appears to be a mention. Perhaps he looked Whiter in person, otherwise I have no idea how he was allowed into the White Power movement at all, let alone The Order.

## Alan Berg, the little Jew who couldn't

The defining moment of the Order was the killing of Alan Berg. Berg, shockingly, was a Jew. Almost stereotypically so, he was a failed lawyer, alcoholic, atheist, & most importantly an outspoken anti-White. He would invite people to the show for the express purpose of pissing them off. He was making them look uneducated or simply make fun of them. He did this to a woman who yelled at Henry Kissinger in the airport & got attacked by his wife, this interview specifically got him in a bit of trouble. His kreeva will also left him blues

After a lifetime of spreading his cultural syphilis over the airwaves, he paid in blood on the morning of June 18th, 1984. He was gunned down with an automatic MAC-10, taking 9 rounds & causing death on the spot. The gun was apparently dropped off in a car & driven off, leaving behind no trace to the killers (probably). Pretty clean hit, this. Considering they were actually professional investigators of their other activities, there is surely a trouble like that seems unlikely. What isn't unlikely is the FBI planting evidence since they probably knew who did it because of their mole, the previously mentioned Tom Martinez.

## Downfall

Tom Martinez was arrested for passing counterfeit money, and other members helped him post bail. He repaid this help by becoming an informant for the FBI. In the final days of 1984, the FBI would launch a massive manhunt for the known members of the order. Several members were arrested in raids, but not Robert Matthews.

Robert Matthews ensured his families safety, won a final letter to the National Alliance, and prepared for the trials to come. Knowing the would die a good death after holding off a 7h mass strong FBI raid for 36 hours, surprising them by refilling a gas mask to counter their use of smoke & tear gas. The feds would use their one incredulity weapons to light the house on fire, burning Matthews alive in an act that foreshadowed the more infamous incident at Waco a decade later.

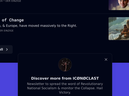
The unknown members of the Order, numbers unknown, would go underground & regroup with groups like National Alliance, Aryan Nations, & the CSA.

## Legacy

Robert Matthews became arguably the most famous person in the White Power scene. & is held up as one of the most important martyrs of the White struggle. Most pro-White musicians have written songs about The Order including Angry Aryans, Skrewdriver, & No Remorse. Highly recommend Gone With the Breeze by Skrewdriver (EAGs cover), which I think is the title of this article from.

The Order would inspire virtually every White Nationalist from the late 80's onwards, not only in National Alliance & Aryan Nations but in groups like the NSM & KKK. To be specifically held in high regard by followers of the Northwest Territorial Imperative due to its location & contacts with the founders of that movement. The SCDLE style faction of the movement of course draws inspiration from his example, to include the late 4045.

On a personal note, Robert Matthews is a personal inspiration for me. As you can probably tell in my article 'Radicalized' much of my path to National Socialism was based on the examples of 'EI guys around me & in history – rather than the books I read learn down the line. The loving father, husband



"If, by the instrument of governmental authority, a people is being driven to its destruction, then rebellion is not only the right but the duty of every member of that people." -Adolf Hitler

Brilliant article. Thanks. We are now under a communist dictatorship here in the UK. Using ID9 and IDL as real models, along with SocialCredit+ is the very thing to do.
Hail the Order.

Replying to @ianchesnut
I lived next door from Mr David lane from IDL to E7 in Florence co usa. They moved him a couple weeks after I was diagnosed in April and he passed away a month after. He told me many stories and I never forget him very much very thankful. He played football and I'm a huge fan of the Denver Broncos. Anyway I'm sorry to hear about your loss. Thank you for this article. I cannot seem to find her, victory or definite. Pls trucker. Jane of Florence copper 1439
